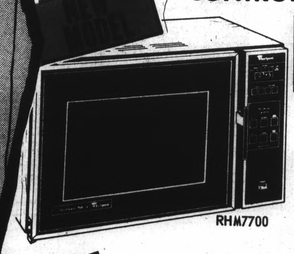
Whirlpool MICROWAVE OVEN CONTROLLED BY MICRO-COMPUTER



RHM7700

FREE 5qt. Popcorn Popper included in purchase

- **It's fast.** At eight minutes a pound, a six-pound turkey can be ready in 50 minutes, a twelve-pound turkey in an hour and a half.
- **It's tasty.** Cooking at the speed of microwave means retention of juices – and a tastier bird. No need to worry about dryness after hours of cooking.
- **It's clean.** Cooking in a microwave oven is cool cooking. The oven never heats up enough to bake on spatters as in a conventional oven.
- **It's easy.** Whirlpool includes a Micro Menus® Cookbook. It's loaded with recipes especially prepared and tested in conjunction with Better Homes and Gardens Test Kitchen. You'll be amazed how easy it is to cook on a Whirlpool microwave.
